INGROWN TOE NAIL

How to Toughen Skin so Nail Turns Out Itself

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it cannot penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.—(Advertisement.)

A., was present and outlined a plan for the reorganizing of the local bureau and a membership drive to be launched next fall. THIN, FLAT HAIR GROWS LONG, THICK AND ABUNDANT

"Danderine" costs only 25 cents a bottle. One application ends all dandruff, stops itching and falling hair, and in a few moments, you have doubled the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to dress. But what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless, faded hair to grow long, thick, heavy and luxuriant.—(Advertisement.)

MANY SEEK TO CHANGE ROUTE OF STAGE ROAD

Will Attempt to Change Route From Arpee to Keithsburg—Grand Jurors Named.

(Special to The Argus.) Aledo, March 9.—A petition has been circulated in New Boston township to change the route of the state aid road from Arpee to Keithsburg east to the bluff road.

Those interested in this petition have not yet presented the petition to the board of supervisors, as they hope for a compromise with the faction in favor of the present route. If a compromise is reached the deciding of the more feasible route will be left in the hands of a state committee.

Those in favor of the change have numerous arguments. They state they are paying three times as high taxes on their land as the other faction and therefore are entitled to the change in the route. Also the present route mapped out crosses six railroad tracks of which two are considered dangerous. If the route is changed there would be but one crossing to contend with.
